and which is admittedly poor, taking its figures at their face value, was used as a weapon for another attack on the stock market values to-day. Prices fell two or more points in the active list, with materially greater losses elsewhere. The decline, while often precipitate and clearly betokening further liquidation, some of it deubtless enforced, was not of the demoralizing character which has attended several recent movements. Quoted prices simply fell away according to the pressure of offerings, each successive rally of a point or so being the signal for another selling movement, which left the list lower than before.

As a matter of fact, persons who are held to be judges of conditions agree that the government report presents a condition much worse than actually exists to-day; that the damage, save in certain commodities, is far less than yesterday's estimates indicate; that practically all foodstuffs, corn excepted, are better now than an August 1, on which date the government report was compiled. That being the case, some traders say, it is puerile to point to agricultural conditions as the chief cause of the market's severe reversal. Prices have yielded with more or less steadiness for almost a fortnight, losses in some standard stocks during that period extending to 15 points. It is just as unreasonable to ascribe the decline to the misfortunes of some overextended bulls. The causes probably ile deeper, and the political situation, as repre-

Storm Brings Tremendous Damage to Dinwiddie and Brunswick Farmers.

(Special to The Times-Dispatch.)
Petersburg, Va., August 16.—A very
destructive hallstorm occurred yesterday afternoon on the Nottoway River, in Dinwiddle and Brunswick countles, causing the loss of many thousands of dollars to farmers. The hailfall was preceded and followed by heavy rains. Beginning near McKinney the hallstorm followed the Nottoway River up to Darvills, its path being fully one and a half miles wide completely destroying crops along the route, cutting the tobacco to pleces and tearing the corn into shreds. The following farmers in the path of the storm lost their entire crops of tobacco and corn, the ruin being com plete: Haskins & Zehmer, C. T. Edwards, J. F. Edwards, Thomas Thweatt, Wards, J. F. Edwards, Homas Inweat.

and corn farms in the county. Over in Brunswick on the border of Din-widdle the destruction was equally as

widdle the destruction was equally as great.

The corn and tobacco on the farms of Samuel Jones, R. T. Stone and W. B. Butterworth were cut to pieces, and it is feared that a dozen other big farms in that vicinity suffered similar loss. The money loss can hardly be estimated.

### BAPTISTS WILL MEET AT OAK HILL CHURCH

(Special to The Times-Dispatch.)

Myndus, Va., August 10.—Elaborate preparations are being made for the annual meeting of the Piedmont Baptist Association, which will convens at Oak Hill Church next Tuesday and continue for three days.

This association embraces all the Baptist Churches in the counties of Nelson and Amherst, and its annual meetings are always largely attended.

Rev. E. W. Billings, of Nelson, is moderator, and George A. Boaz, of Amherst, clerk, though it is doubtful if the former will be able to attend on account of illness. Rev. W. L. Wayt, of Roanoke, will preach the opening sermon. As the meeting will take place on the eve of the September primary, it is expected that a large number of candidates for public office will attend.

Another religious meeting of interest in Nelson will be that of the Union Sunday School Association, which will be held at Hebron Baptist Church on Friday and Saturday of this week. PEANUT MARKET

appoint the strongest possible committee to investigate the persistent rumors that the Seaboard Air Line Railway Company contemplates the construction of a short-cut line of road from Henderson via Oxford and Durham to Moncure. This, it is said, would shorten the main line from Hamlet to Norlina thirty-two miles, and it is estimated that the construction of this line would cost about \$7,000,000. The Raleigh committee will get into the fight with a determination to prevent any such step by the Seaboard.

CROP CONDITION

Washington, August 10.—The combined condition of all crops was 14.8 per cent, below average, according to Agriculture to-day. On July 1 conditions were 10.7 per cent, below the average, and on June 1 they were 2.8 below. The severe drought over a wide aren of the country was the principal cause of the unusually low crop raison of the condition of various conditions, the report states. A comparison of the condition of various conditions, the report states. mors that the Seaboard Air Line Railway Company contemplates the construction of a short-cut line of road from Henderson via Oxford and Durham to Moncure. This, it is said, would shorten the main line from Hamiet to Norlina thirty-two miles, and it is estimated that the construction of this line w. uld cost about \$7,000,000. The Raleigh committee will get into the fight with a determination to prevent any such step by the Seaboard.
